

## Punte montare DARQ-B-F10-F10-R13

Numar piesa: 8082988

**FESTO**

### Fisa de date

| Caracteristica                       | Valoare                                      |
|--------------------------------------|----------------------------------------------|
| Unitate de ambalare                  | 1                                            |
| Structura constructiva               | Punte de montare                             |
| Clasa de rezistenta la coroziune KBK | 2 - Solicitare moderata din cauza coroziunii |
| Conformitatea LABS                   | VDMA24364 zona III                           |
| Greutate produs                      | 1037 g                                       |
| Conector 1, functie                  | lesire de actionare                          |
| Conexiune 1, design                  | Sablon de gaurire 10                         |
| Conector 2, functie                  | lesire de reducere                           |
| Racord 2, design                     | Sablon de gaurire 10                         |
| Nota privind materialele             | Conform RoHS                                 |
| Material punte de montare            | Otel galvanizat                              |
