

# Ventil VOFC-L-M52-M-N14-FN

Numar piesa: 8122931

FESTO

## Fisa de date

| Caracteristica                       | Valoare                                                            |
|--------------------------------------|--------------------------------------------------------------------|
| Presiune de lucru                    | 0.25 MPa...0.8 MPa<br>2.5 bar...8 bar<br>36.25 psi...116 psi       |
| Tip de protectie                     | IP65                                                               |
| Protectie la explozie                | Zona 1 (ATEX)<br>Zona 2 (ATEX)<br>Zona 21 (ATEX)<br>Zona 22 (ATEX) |
| Clasa de rezistenta la coroziune KBK | 4 - Mediu coroziv deosebit de puternic                             |
| Conformitatea LABS                   | VDMA24364 zona III                                                 |
| Nota privind materialele             | Conform RoHS                                                       |
