

# Bara alimentare aer PAL-5-1/4-4

Numar piesa: 9190

FESTO

## Fisa de date

| Caracteristica                    | Valoare                |
|-----------------------------------|------------------------|
| Numarul max. de pozitii de ventil | 4                      |
| Conformitatea LABS                | VDMA24364-B1/B2-L      |
| Greutate produs                   | 480 g                  |
| Tipul de montare                  | cu coltar de sustinere |
| Conector pneumatic 1              | G3/8                   |
| Nota privind materialele          | Conform RoHS           |
| Materialul placii de racordare    | Aluminiu               |
