# Smartenance GASM

FESTO

Key features

At a glance

The digital maintenance manager for production managers and system operators enables digital, paperless maintenance management. Maintenance tasks and schedules can be flexibly created, duplicated and then evaluated. Intelligent user management enables fast teamwork and improves the efficiency of maintenance management.

Smartenance is quick and easy to install, self-explanatory and therefore a simple and cost-effective introduction to digitalisation.

Innovative

- For system operators, the maintenance calendar is always available with the mobile app for Android and iOS
- Upcoming maintenance tasks are documented and ready to hand
- Digital maintenance instructions are explained using pictures in the app

Economic efficiency

- Production managers can monitor maintenance tasks centrally via a dashboard
- Clear visualisation of all systems and tasks in your web browser
- Paperless maintenance management – all systems evaluations and feedback are always available on a mobile device

Flexibility

- Smartenance is available as a subscription with four licence packages
- You can easily select the type of licence package you need based on the number of machines requiring maintenance and the number of users

Certainty

- Detailed proof for audits

Smartenance Basic

- Create maintenance tasks including images, PDFs and videos
- Mobile app with maintenance schedule and access to all documents
- Feedback from the app including images
- Overview of maintenance status
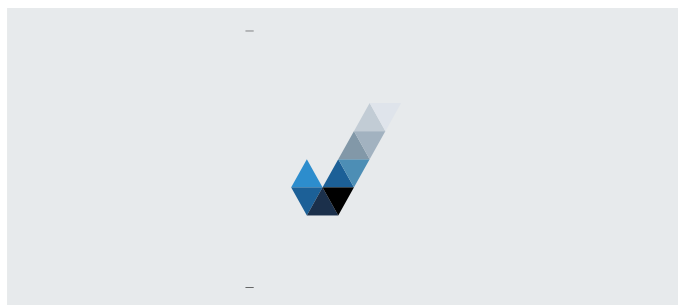

Smartenance Advanced

- Report faults via the app
- Process and close fault tickets
- Documentation of measures and completion reports
- Intelligent search for existing knowledge
- Complete system logbook

Smartenance Premium

- Full read and write access via REST API
- Comprehensive documentation on working with the API
- Option to link to MES/ERP systems
- Activate maintenance tasks based on events

Data sheet

- Autonomous maintenance
- Fault management
- System logbook
- Interface (REST API)

System requirements	Operating system: Android or iOS
Recommended browser version	Internet Explorer 11.2248
	Firefox 60.0.1
	Microsoft Edge 38.14393
	Google Chrome 66.0.3359
	or a more up-to-date version
Function range	Creating and managing maintenance schedules
	Filtering maintenance tasks that have been out
	Exporting and importing maintenance tasks
	Displaying the maintenance schedules on mobile devices
	Feedback from mobile devices
Language	German
	English
	Spanish
	Czech
Output format	Export interfaces in CSV format

Ordering data

	Designation	Description		Number of licences	Licence term[1] [months]	Part no.	Type
	Software	Monthly licence	Test licence	1	1	**8082618**	**GASM-S-L1-1M**
		Annual licence	Smartenance Basic	Freely selectable	12	**8127656**	**GASM-S-L3-12M**
			Smartenance Advanced			**8127657**	**GASM-S-L4-12M**
			Smartenance Premium			**8127658**	**GASM-S-L5-12M**

[1] The minimum term for a purchased licence package is 3 months. The contract and the corresponding licence period are then automatically extended on a monthly basis.
You can cancel the subscription at any time; the cancellation takes effect at the end of the licence period. If you cancel during the three-month minimum term, the cancellation will take effect after the three months have expired.
You can upgrade to a bigger licence package at any time.
